12/6/2010

The RCE of 12/1/2010 is acceptable and has been entered and the Drawings of 6/25/2010 are Acceptable.

An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to Applicant, an Amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an Amendment, it MUST be submitted no later than the payment of the Issue Fee.

IN THE CLAIMS:

Claim 24, line 8, change "analog/digital converter" to -- fuse --.

\*\*\* NOTE: The above change merely corrects for a typographical error and in no manner affects the scope of the claims. \*\*\*

The following is an Examiner's Statement of Reasons for Allowance: Applicant's arguments of 12/1/2010 are convincing, in that the Souther et al. Reference does not clearly disclose nor suggest the claimed combinations found within Independent Claims 18 and 24. The Reference discloses a fuse shunt (320) being connected to an A/D converter (322) and the A/D converter in communication with a controller (370), but does not indicate that the fuse input is operatively connected to an electrical circuit of a any separate unit/device as required by the claim language. There does not appear to be motivation for modifying the teachings of Souther et al.. The claimed combinations found within Independent Claims 18 and 24 are considered to be novel and unobvious in view of the Prior Art of Record.

Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably

Art Unit: 2836

accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
